Our Materials

We have a widest range of high quality Suiting and Shirting materials to complement our making skills.

Clients can choose from hundreds of materials including Wool, Voiles, Linens, poplin and oxford cottons, sourced from different parts of the world.

Each garment is individually tailored, using the finest materials, to meet a client's specific requirements.

It differs markedly from the more widely available "made to measure" item, which is a limited alteration to a pre-determined style and make.

Customized Uniforms

Having a personalized uniform or customized work wear offers employers and employees a host of benefits:

Whenever your staff are wearing corporate work wear and seeing customers, a well presented employee will give customers a positive and consistent image of your company. Personalize uniforms available in Embroidered or Screen Printed.

With a customized uniform that carries your company name or logo, your name is displayed wherever your people go. Free advertising every working day.

A good customized uniform will be comfortable to wear and will fit the purpose it is designed for.

The benefits of adding text or logos to your company uniform are:

- Instantly makes your uniform unique
- Corporate promotion
- Staff identification
